Assistant Visual Communications Editor

About us
We investigate and campaign against environmental crime and abuse.
Our undercover investigations expose transnational wildlife crime, with a focus on elephants, pangolins and tigers, and forest crimes such as illegal logging and deforestation for cash crops such as palm oil. We work to safeguard global marine ecosystems by addressing the threats posed by plastic pollution, bycatch and commercial exploitation of whales, dolphins and porpoises. Finally, we work to avert climate catastrophe by strengthening and enforcing regional and international agreements that tackle short-lived climate super-pollutants, including ozone-depleting substances, hydrofluorocarbons and methane, and advocating corporate and policy measures to promote transition to a sustainable cooling sector and away from fossil fuels.

About role
As part of a dynamic team, you will support the delivery and distribution of the Communications Team’s external and internal messaging, assisting with all aspects of graphic design, video production and editing, stills photography, image cataloguing, events and social media. You will also be involved in helping to develop and work on our outreach programmes and youth strategy.

As well as having a working knowledge of graphic design and film within Adobe software, you will have strong organisational skills and help maintain image and video archives for the organisation, responding to image and footage requests. You will assist with design of reports, infographics and other communications assets as well as production of videos for our digital channels. You will work closely with the Comms, campaigns and Fundraising teams to develop and deliver communications materials to maximise EIA’s impact. With a creative mind and strong interpersonal skills, you will be comfortable and confident in speaking to colleagues.
