EIA fundraising complaints policy and procedure

Feedback and complaints

We are accountable, so if you have any query about our fundraising or if you are unhappy with anything we’ve done, you can call us on 44 (0)20 7354 7960, email or post a letter to the Head of Fundraising. Positive feedback also welcome!

What happens after I submit my feedback?

Your feedback will be logged and passed to the relevant department. If you have requested a response we will aim to acknowledge your feedback within three working days. Complaints will be passed to an appropriate member of staff, usually a manager. We aim to resolve complaints as quickly as possible, usually within 10 working days. Sometimes, we may need to investigate the circumstances surrounding your complaint to ensure we take appropriate action. We will contact you to explain this. When the investigation is complete we will contact you.

We welcome comments, feedback and suggestions and use these to improve our fundraising and communications with members and supporters, as well as with the general public, wherever possible we will:

- Treat fundraising complaints seriously and deal with them properly
- Resolve fundraising complaints promptly and informally whenever possible
- Learn from fundraising complaints and take action to improve our supporters’ experience
- Ensure that fundraising complaints are treated in confidence

Definition

We define a fundraising complaint as an expression of dissatisfaction with the quality and the standards of the fundraising specifically provided by Environmental Investigation Agency UK (EIA UK) or one of our fundraising contractors.

This is not the same as general correspondence from supporters expressing a simple disagreement with the choice of a fundraising technique.

Likewise, general correspondence from supporters expressing disagreement with one of our press releases or policy statements and campaigns. Such correspondence will be passed on to our Executive Director.

A serious fundraising complaint is defined as any alleged breach by the fundraising team, or by any of their contractors, of the Fundraising Regulator Code of Fundraising Practice.

What to do if you have a fundraising complaint

Please let us know as quickly as possible. Any formal fundraising complaint against the charity must be made as soon as possible but no later than one month after the alleged incident.

What happens next?

If you contact us by phone, we will try to resolve the issue there and then. However, if the complaint is serious, we will ask you to put it in writing, by post or email. If you complain by
email or in writing we will always acknowledge your complaint **within 3 working days**, and do everything we can to resolve it **within 10 working days**. If this is not possible, we will explain why and give a new deadline. Once you have made your complaint, our Fundraising Team may need to contact you for further information or clarification. For example, if the complaint is about a fundraising activity provided by a fundraising agency we will need to collect information such as what happened, when and how.
